Professor in experimental biophysics

Faculté des arts et des sciences / Département de physique

Job description

The Département de physique is seeking applications for a full-time tenure-track position at the rank of Assistant Professor in experimental biophysics.

Responsibilities

The appointed candidate will be expected to teach at the undergraduate and graduate levels, supervise graduate students, engage in ongoing research and publication, and contribute to the academic life and reputation of the University.

Requirements

- Ph. D. in physics.
- A record of outstanding research achievements.
- Strong commitment to teaching.
- The appointed candidate will be expected to pursue a vigorous research program in experimental biophysics. Candidates from all fields of biophysics encouraged to apply. However, priority will be given to candidates with research interests aligned with those present in the Department: membrane protein biophysics and bionanoelectronics.
- An adequate knowledge of the French written and spoken language or a strong commitment to mastering the proficiency level required*.

* Language Policy

Université de Montréal is a Québec university with an international reputation. French is the language of instruction. To renew its teaching faculty, the University is intensively recruiting the world’s best specialists. In accordance with the institution’s language policy, Université de Montréal provides support for newly-recruited faculty to attain proficiency in French.

Confidentiality

The Université de Montréal application process allows all regular professors in the Department to have access to all documents unless the applicant explicitly states in her or his cover letter that access to the application should be limited to the selection committee. This restriction on accessibility will be lifted if the applicant is invited for an interview.

Equal Access Employment Program

Through its Equal Access Employment Program, Université de Montréal invites women, Aboriginal people, visible and ethnic minorities, as well as persons with disabilities to apply. During the recruitment process, our selection tools will be adapted to meet the needs of people with disabilities who request it. Be assured of the confidentiality of this information.

Université de Montréal is committed to the inclusion and the diversity of its staff and also encourages people of all sexual and gender identities to apply.

Immigration Requirements

We invite all qualified candidates to apply at UdeM. However, in accordance with immigration requirements in Canada, please note that priority will be given to Canadian citizens and permanent residents.

Faire carrière à l’UdeM : aider la société, relever des défis et être considéré
