

**L'Université  
de Montréal  
et de votre  
carrière.**

Université de Montréal has more than 10,000 employees and is one of Canada's Top 100 Employers.

UdeM has Canada's 2<sup>nd</sup> largest student body and ranks among the top five Canadian research universities, receiving more than half a billion dollars in research funding every year.

Through the achievements of the members of its community, UdeM participates in building today's and tomorrow's world.

## **Assistant Professor in Animal Cell and Molecular Physiology**

**Department of Biological Sciences / Département de sciences biologiques**

Faculté des arts et des sciences

### **Job description**

The Département de sciences biologiques is soliciting candidates for a full-time, tenure-track Assistant Professor position in animal biology, with a specific focus in cell and molecular physiology. The Physiology Group at the Université de Montréal conducts research on a diversity of topics including comparative physiology, cell signalling, mitochondrial physiology, developmental biology and plasticity of the nervous system.

### **Responsibilities**

The appointed candidate will be expected to teach undergraduate and graduate courses, supervise graduate students, be active in research, publishing, and the diffusion of knowledge, and contribute to the activities of the University.

### **Requirements**

- » Ph. D in Biology or a related discipline
- » Strong research record
- » Excellent publication record in the field of animal physiology
- » Expertise in modern microscopy techniques is an asset
- » Potential for interdisciplinary and developing collaborations with existing members of the department.
- » Demonstrated ability to provide high quality university teaching
- » An adequate knowledge of the French language (written and spoken) **or** a strong commitment to mastering the French language at the proficiency level required, in accordance with [Université de Montréal's Language Policy](#). An institutional learning support program is offered to all professors wishing to learn French or improve their communication skills.

## How to submit your application

We invite eligible candidates to submit the following:

- » A cover letter
- » Application must include in the cover letter one of the following statements: "I am a citizen / permanent resident of Canada." or "I am not a citizen or permanent resident of Canada."
- » A curriculum vitae (CV)
- » Copies of the most recent publications
- » A description of the candidate's teaching philosophy (maximum one page)
- » A description of the candidate's research programme (maximum two pages)
  
- » The application package must also include three letters of recommendation. These must be sent directly to the Chair of the Department of Biological Sciences by the referees.
